I'm
Looking for a band today
I see the Chivers anyway
Through my eyes

OH oh oh i'm
I'm alone in life to say
I love the Chivers anyway
'Cause Chivers look divine

Look away
They try to find the Milky Way

They love to drink it everyday

No no no you
You and I, It's like you said
I'm not a Chivers anyway
You look fine

Oh oh oh I
I'm alone in life to say
I love the Chivers anyway
Cause Chivers look divine

Look away
They try to find the Milky Way

I

Toi et moi C'est comme tu sais
Comment mon coeur a succombe

Oh oh oh I'm
Looking for a band today
I see the Chivers anyway
I 'll be a Chivers guy some day
In my mind
