Ohh, oh baby
Don't wanna talk about the way I am
I only try to make you understand
That my affection is so really true
And my heart has started thumpin' since I met you

I just can't wait until tonight baby
'Til I have you by my side baby
I just can't wait until tonight baby
For being with you

Do do do do do x3
For being with you

First time I saw you it just knocked me down
The way you smiled has turned my life around
I never thought that it would catch me so
I'll get my head together 'cause I want you to know

I just can't wait until tonight baby
'Til I have you by my side baby
I just can't wait until tonight baby
For being with you

True love won't be afraid of noone
True love can lead us through the day
I'll get my head together
And I want you to say

Ohh
I just can't wait until tonight baby
'Til I have you by my side baby
Just can't wait until tonight baby
For being with you

Do do do do do x3
For being with you
