Performed by: Jostein Hasselgård

Placing: 4th

One moment out of time
Someone finds a secret
Waiting behind
Knowing there's an end to a glory
End to a story
So good, so divine

Heart, listen to your beating
Never gonna stop
Unless there's a doubt
Never speak to someone that knows you
More than yourself
And the ghost that you hide

Cos I'm in love
With a beautiful girl
She's the one from the magical world
And I hold her now
When the rain starts to fall
I'm not afraid to move on

Lay down with someone strange
Dare to be the same, as always in time
Slowly seek the end and its glory
Wherever to seek, if it's gone
Deep inside

Cos I'm in love
With a beautiful girl
She's the one from the magical world
And I hold her now
When the rain starts to fall
I'm not afraid
I'm not afraid to move on

I'm alone when the ghost starts to haunt
I'm alone, but I know I'm in love
With a beautiful girl

She's the one from the magical world
And I hold her now
When the rain starts to fall
I'm not afraid
I'm not afraid to move on
