Placing: 9th

(In the disco...)

Disco

I'm lying, I'm late, I'm losing my weight

Because I want to dance all night

Because I want to stay all night

In the disco, in the disco

You call me, you wait, take your shoes and go straight

Because you want to dance with me

Because you want to stay with me

In the disco, in the disco

Music is what I want

Music is what I need

Kiss me and turn me slow

Up and down, here we go

Music is what I want

Music is what I need

Kiss me and turn me slow

Up and down, here we go (go)

I'm lying, I'm late, I'm losing my weight

Because I want to dance all night

Because I want to stay all night

In the disco, yeah, in the disco

Music is what I want

Music is what I need

Kiss me and turn me slow

Up and down, here we go

Music is what I want

Music is what I need

Kiss me and turn me slow

Up and down, here we go

Music

(Huh, yeah...)

(Huh...) Oh...

(In the disco...)

Oh music

Oh music

Oh music

Oh music

(Go)

Music is what I want

Music is what I need

Kiss me and turn me slow

Up and down, here we go

Music is what I want

Music is what I need

Kiss me and turn me slow

Up and down, here we go

Music
