Performed by: Lou

Placing: 11th

Dub du dubn da dap da  
Dub du dubn da dap da  
Dub du dubn da dap da hah  
Hoh, hoh, hoh

Last night in the discotheque  
All my friends seemed to look and wait  
Just lookin' for trouble  
Cos everything's drivin' 'em mad  
(Yeah, drivin' em mad)

No fun, not a smilin' face  
And down at heart in so many ways  
Hey, baby what's on?  
And why's everyone so sad?

Let's get happy and let's be friends  
For tomorrow never never ends  
And our world will be all new  
Let's get happy and let's be gay  
All our troubles, they will fade away  
And the promise I will send you  
Hits you on a brand-new day

Dub du dubn da dap da  
Yeah, yeah  
(On that day everything will be okay)  
See that girl with the high heel shoes  
I wanna know why she's got the blues  
Don't ya stop a rockin'  
And get the ball a rollin' tonight  
(Yeah, get the ball a rolling tonight)

Everyone's kinda cool and stressed  
Gotta move - or you'll miss the best  
Whatever you do now  
You just gotta do it right

Let's get happy and let's be friends  
For tomorrow never never ends  
And our world will be all new  
Let's get happy and let's be gay  
All our troubles, they will fade away  
And the promise I will send you  
Hits you on a brand-new day

Dub du dubn da dap da  
(On a brand-new day)  
Dub du dubn da dap da  
(We will be on our way)  
Dub du dubn da dap da  
(We will have lots of fun together)  
That's right  
Let's get happy and let's be friends  
For tomorrow never never ends  
And our world will be all new  
Let's get happy and let's be gay  
All our troubles, they will fade away  
And the promise I will send you  
Hits you on a brand-new day

Let's stop feeling sad and down  
Let's just take off from the ground  
Hoh... let's get happy
