Performed by: Vanessa Chinitor

Placing: 12th

The wind has blown for eternity  
Never looking back, never giving in - never  
Causing the waves on the stormy sea  
But never staying long, always running on - always

Running on endlessly, and I know that I have to be  
Like the wind, be like the wind  
Like the wind - run forever free

The mountains - full of serenity  
Uncaring 'bout the wind, never giving in - never  
But waves that roll on the stormy sea  
Turn mountains into dust, the wind - it wins at last -  
always

Running on endlessly, and I know that I have to be  
Like the wind, be like the wind  
Like the wind - run forever free

Running on endlessly, and I know that I have to be  
Like the wind (The wind has blown for eternity)  
Be like the wind (The wind has blown for eternity)  
Like the wind (The wind has blown for eternity)  
Run forever free
