When the day becomes a night
Is no doubt I think of you
And I cannot control my heart
It's crying for you
Loneliness is killing me
I'm helpless without your love
And the way you touch someone
I can't understand
Now it's tearing me apart
I want you back
This makes me realize
How far I am
Love is blind
It's true
Nobody is like you
My endless melody
I played for me and you
Love is blind
It's true
I'm on my knees for you
I'll give all I can
To have you back again
Love is blind

I can't just believe you're gone
And I've got to sleep away
Well I can't believe I was the one
Who caused you a pain
I've said you should know down inside
She did mean nothing to me, yeah
What can I do to win back your heart
And make you to stay?
I'm talking about, talking about my love
Talking bout, talking bout
Love is blind
It's true
Nobody is like you
My endless melody
I played for me and you
Love is blind
It's true
I'm on my knees for you

lâ€™ll give all I can
To have you back again
Love is blind (x2)
