Such a lovely night, when the stars are shining bright  
And you're near, we're all alone, 'cause I long for you  
so much

I never felt this way, not before  
You turn on my mind more and more

I think that I'm in love and you mean so much to me  
I think I love you so, I'll never let you go  
This must be love  
Up there we seem to flow, I'm certain and now I know  
For me, yes, you're just the one  
The one that I love

Such a lovely sight, when the colours shine so bright  
And you're near, we're all alone, and I feel so warm  
inside

I never felt this way all my life  
You came like spring sunshine, gave me life

I think that I'm in love and you mean so much to me  
I think I love you so, I'll never let you go  
This must be love  
Up there we seem to flow, I'm certain and now I know  
For me, yes, you're just the one  
The one that I love

For me, yes, you're just the one  
The one that I love
