Swiftly movin' on  
The days I see  
Often ask myself  
What I really wanna be

To dream of an aim  
To reach it with fame  
Not easy to say  
There's will, there's a way

More than love  
What music gives to me  
Body and soul  
Live in reality

Glistening on a star  
Of promises and dreams  
Some take me for a laugh  
But they don't know what it means

To tell you the truth  
I'll never change my youth  
Not easy to say  
There's will, there's a way

More than love  
What music gives to me  
Body and soul  
Livin' in harmony

More than love  
(Please, God, hear me now)  
What music gives to me  
(You gotta help me, you gotta help me)  
Body and soul  
Live in reality  
(Ho, ho)

More than love  
(Please, God)  
What music gives to me

(You gotta help me, yeah)  
Body and soul  
There for eternity

This life is what I own  
Gotta make it through  
I'm liftin' up my heart  
And I'm givin' it to you
