From the first day I saw you  
To the last time we met  
I've desired to hold you  
Have you and make you mine

But to have and to hold  
To love and to grow  
It takes two hearts that beat  
To the rhythm of one

When you push me away  
I taste fear and pain  
Turns my fire to smoke  
With one word, with one stroke

Deep in my heart is desire to love  
Deep in my soul is desire to grow  
Deep in your smile is desire for more  
Deep when we kiss, the feeling that can't be missed

Let me live, let me die  
Let me laugh, let me cry  
Let me burn in your fire  
In flames of desire

Be my river of hope  
My mountain of truth  
Let me colour your life  
With the colour of love

Deep in my heart is desire to love  
Deep in my soul is desire to grow  
Deep in your smile is desire for more  
Deep when we kiss, the feeling that can't be missed

Dejjem ridtek  
Dejjem xtaqtek  
Lilek ¼ abbejt

Take me up, take me down  
Take me into your arms

Spin the magic of love  
With one word, with one smile

My desire runs deep  
And I'm losing sleep  
I wake up to the light  
You're the key to my heart

Deep in my heart is desire to love  
Deep in my soul is desire to grow  
Deep in your smile is desire for more  
Deep when we kiss, the feeling that can't be missed

(Deep in my heart is desire to love)  
Deep in my soul  
(Deep in my soul is desire to grow)  
Deep in your smile is desire for more  
Deep when we kiss, the feeling that can't be missed

Desire, desire, desire, desire love!
