Ooh baby, when I'm alone with you, you show your love  
for me

I believed that our love was for real, but I knew it was  
too good to be true

Oh baby, baby, when I found out that you were foolin'  
around with my heart

It hurt so much, pain unexplained  
How could you do it? - I thought I found love

This time I'm gonna stand on my own  
I said, now, baby, this time I won't be missin' you at all  
No, no, now, baby, this time I'll be strong, I won't fall in  
love again

You thought I was usin' your love, wastin' all your time,  
that's where you were wrong

Oh baby, baby, when I found out that you went wrong  
with foolin' around with my little heart

It hurt so much, pain unexplained  
How could you do it when I thought I found love?

This time I'm gonna stand on my own  
Said, now, baby, this time I won't be missin' you at all  
No, no, now, baby, baby, I'll be strong, I'll be strong,  
yeah

(This time)

This time I won't be needin' your lovin' for me, baby

Baby, babe, baby, I'm gettin' by

This time I'll be strong, I won't fall in love again
