Ti nye sa mnoi sichas, ti daleko  
V raznikh mirakh zhit nyelegko  
Mozhet bit, tolka son mozhet pamoch  
Uvidyet tibya, kasnutsa rukoi

I snova noch ukhodit proch, tvoi golos dalyeko  
I ya krichu tyebe cherez marya:  
"Nash dom khranit tvayo tyeplo  
V nyom puste byez tebya"  
V etam domye ya

Vyechniy stranik, ya tvaya sudba  
Znayu, pomnish aba mnye  
Ti vsigda v puti, na dlya tyebya  
Yarki svyet v mayom aknye

Tam daleko rasvyet, v nyebe zarya  
Vnov polikhnyot yarkim tsviytkom  
V utrini tishinye ya nye adna:  
Dyen prinisyot vstryechu s taboi

I snova noch ukhodit proch, tvoi golos dalyeko  
I ya krichu tyebe cherez marya:  
"Nash dom khranit tvayo tyeplo  
V nyom puste byez tebya"  
V etam domye ya

Vyechniy stranik, ya tvaya sudba  
Znayu, pomnish aba mnye  
Ti vsigda v puti, na dlya tyebya  
Yarki svyet v mayom aknye

Vyechniy stranik, ya tvaya sudba  
Znayu, pomnish aba mnye  
Ti vsigda v puti, na dlya tyebya  
Yarki svyet v mayom aknye
