Ooh...

Hey, yeah, yeah

Come on, let's fly away, girl  
Up on cloud number nine I'd wish to flow  
You're my most precious pearl  
Waiting for you, that's all I need to know

Wait and see how it's gonna be  
Hold my hand, just don't let go  
Birds of the feather flock together  
But time will tell, people say so

Stay forever and ever  
You will always be my baby  
Stay forever  
I'll never hurt you  
I won't make you cry  
No, no, no

Stay forever  
No matter what may happen  
Don't give up on me  
Do whatever  
I'll never let go  
I will catch your fall, oh...

Through the sunny and dark side (of life)  
Feelings like this are made (to survive)  
What the rest of the world thinks (doesn't matter)  
Because we know it better

Stay forever and ever  
You will always be my baby  
Stay forever  
I'll never hurt you  
I won't make you cry  
No, no, no

Stay forever  
No matter what may happen  
Don't give up on me  
Do whatever  
I'll never let go  
I will catch your fall, oh...

Stay forever and ever  
You will always be my baby, baby  
Stay forever  
I'll never hurt you  
I won't make you cry
