Shadows dancin' slowly on my wall
Moonlight paintin' silver to the sound of heartbeats
Magical emotions take control
Knowin' we will meet before the night is over

Then I'm gonna make you mine
Love you 'til the end of time

Take me to your heaven
Hold on to a dream
Take me to your heaven
When my nights are cold and lonely
Flyin' high together
On a journey to the stars
Won't you take me to your heaven, to your heart

I can feel your body next to mine
Reachin' for a kiss that keeps me warm and tender
Seven steps to heaven show the way
When I'm there, I give myself in sweet surrender

Then I'm gonna make you mine
Love you 'til the end of time

Take me to your heaven
Hold on to a dream
Take me to your heaven
When my nights are cold and lonely
Flyin' high together
On a journey to the stars
Won't you take me to your heaven, to your heart

As dawn is breakin' there is so much more to say
So will you be my one and only
When nights are lonely?
Hold on tight forever

Take me to your heaven
Hold on to a dream
Take me to your heaven
When my nights are cold and lonely

Flyin' high together
On a journey to the stars
Won't you take me to your heaven, to your heart

Oohh... So won't you take me to your heaven, to your
heart
