When will you make up your mind?
When will you make up your mind?

Darling just be yourself tonight
There's nothing wrong with the way you feel
The moon and stars are in the sky
We're centuries apart and the lights are shining down
on you
(I can't stand it)

Aah, conditioned soul
(I can't stand it)
When will you make up your mind?
When will you make up your mind?
(I can't stand it)

Everybody's kissing someone
Holding hands just to get some fun
I couldn't care less if I ever get none
Or never fall into some lover's arms again
(I can't stand it)

Aah, conditioned soul
When will you make up your mind?
(I can't stand it)

Aah, conditioned soul
When will you make up your mind?
(I can't stand it)

Darlin' don't be afraid tonight
Something's wrong with the way you feel
The moon and stars have all gone by
We're centuries apart and the lights are dying

Everybody's hurting someone
Stabbing back just to get some fun
I hope to God I don't get me none
Or never fall into some killer's arms again

When will you make up your mind?
(I can't stand it)

(I can't stand it)
