I've Got A Lover (Back In Japan) Lyrics

I've got a lover back in Japan

He's got tatooes

He's my Superman

I try to cal him up from time to time

We can talk about the weather

Is the weather fine?

And I say break, break

Break away those ties

Break, break.

I've got a lover

Up in outer space

He's been tumbling around

All over the place

I like to call him from time to time

We can talk about heaven...

Break, break

Break away those ties

Break, break...

When the whole world descends on me

I'll be waiting for you...

Got another lover in Timbuktu

Got a name for him

He's my little guru.

When I don't call him he starts to cry

I have to tell him stories just to pacify.

Break, break...

When the whole world descends on me

I'll be waiting for you...

I was bitter when I met you

I was eloquent with rage

Like honey from a poisoned cup

I flowed from stage to stage.

(Ooh... sugar baby... sing me a lullaby.) Japanese baby...
