Well I've had a lot of money
I had a good paying job
But all I want is for her to be happy
To do something she can be proud of
That's all I want
That's all I need
All I want is for her to keep loving me
And that eternal flame
Will remain we will sustain
And that jealousy
Ain't no part of me
Jealousy ain't a part of me
Jealousy ain't a part of me
Jealousy so she can keep loving me
Walking around with a
Chap on my back
(girls) this man don't care
I don't care rat a tat tat
All I want is just a little of your love
I want to give you something baby
That you can be real proud of
All I want that's all I need
All I want that's all I need
For you to keep loving me
Give you good loving
Make you proud of me
Give you good loving

Make you proud of me
Give you good loving
Make you proud of me
Give you good loving
Make you proud of me
(girls) give me good loving
Make you proud of me
Give me good loving
Make you proud of me
(girls) all I want and all I need
Is you to keep loving me
Just keep on loving me like the water to the sea
Let it flow let it be
Like the wind when it blows

You can't see it but somehow you know it's cold
All I need is for you to keep loving me
And that eternal flame will remain
We will sustain
Jealousy ain't a part of me
Jealousy no part of me
Jealousy no part of me
Then you can keep loving me
Jealousy
