Spiritual love spiritual love spiritual love
That's what we want
Spiritual love spiritual love spiritual love
That's what we want
Spiritual love that's what we want
Spiritual love that's what we need
Spiritual love that's what we always wanted
Spiritual love spiritual love
And we're living in a waste land with a cancer
So deep rooted in the hearts of all men
What we need is a little miracle
Well here it comes
Spiritual love ah the spiritual love
Spiritual love for the good of man
Spiritual love we want a spiritual love
Spiritual love for the spirit of the man
Spiritual love in this world full of politics
Spiritual love in a world full of leaders
Spiritual love we want a spiritual love
Spiritual love we want a spiritual love
And he said I love you
And I said I love you too
To free the world it's an emotion away
To free the world you must free your mind

To free the world in an emotional way
To free the world from the blind leading the blind
Spiritual love ah spiritual love
Spiritual love we want a spiritual love
Spiritual love sing it loud for the spiritual love
Spiritual love that's what we want
To all my enemies
To the power crazed dictators
To all the far flung legionnaires
To all the empty cynics
To all the negative forces in the world
To the non-believers
To the corporation owners
To their guilt ridden sleepless nights
From the seven oceans (poetic license)
From the beautiful mountains
From the birds in the sky

From the animal kingdom
