Step by step  
Bit by bit  
Stone by stone, yeah  
Brick by brick  
Step by step  
Day by day  
Mile by mile, ooh

Now don't you slip away  
Don't you go too far  
'Cause when I close my eyes  
I know who you are  
You are the dark emotion  
That makes me hold my breath  
Just like the silent water  
Upon the ocean's depth

Don't you slip away  
Don't you go too far  
'Cause when I close my eyes  
I know who you are  
It's just the fear of falling  
That makes me lose my grip  
It's just the fear of falling  
That makes my fingers slip  
(\* Repeat)  
Go your way  
Go your way

Baby, don't give up  
You've got to hold on to what you've got  
Oh baby, don't give up  
You've got to keep on movin', don't stop

Just like a new excursion  
(Yeah, I know you're hurting)  
Upon on a nobel road  
(I know you're blue)  
I've got the will to take me  
(I know you're hurting)  
Just where I want to go  
(But don't I let the bad man get to you)

(\* Repeat)  
Go your way  
Go your own way

Come on, baby, keep movin' on  
(Bit by bit)  
Come on, baby, keep on  
(Stone by stone, yeah)  
(Brick by brick)  
Oh keep it up (Step by step)  
Keep it up, keep it, keep it, keep it  
Keep it up (Day by day)  
Keep it up, keep it, keep it, keep it  
Keep it up (Mile by mile)  
Keep it up, keep it, keep it, keep it  
Keep it up (Go your way)  
Keep it up, keep it, keep it, keep it  
(Go your way)
