The trouble with lovers
They don't know how to say no
The trouble with lovers
They don't know when to let go
They drink too much coffee
Smoke too many cigarettes
Stay up all night to
Watch Woody Allen
Truth equals beauty
Sun equals laughter
That's all they're after

And God only knows
I'd like to be there too
With Jackie Onassis
But if not then maybe you
The trouble with lovers
The trouble with lovers

The trouble with us is
We don't give each other a chance
The trouble with us is
We're living in cloud Disneyland
We try to be happy
We're never happy
Try not to argue
Then start to argue
Truth equals beauty
Sun equals laughter
That's all we're after

And God only knows
I want to be with you
But Jackie Onassis
Will probably be there too
The trouble with us is
The trouble with us is

Let's put on our raincoats
And walk through the rainy day blue
Go searching for something
Without really having a clue

We'll drink too much coffee
Eat too much chocolate
Watch Thirtysomething
Never stop laughing
Truth equals beauty
Sun equals laughter
That's all we're after

And God only knows
God only knows

The trouble with lovers (I want to be with you)

The trouble with lovers
The trouble with lovers
