"The Walk"

I could be contended
I don't need to suffer
You're beautiful
Good to talk to

You make an impression
To take my attention
And when you touch my skin
I smell disaster

Step away, walk away
All I want is the real thing
Step away, walk away

Step away, walk away
All I want is the real thing
Step away, walk away
It should be me and you

I just forget myself
Let's just close our eyes
I just forget myself
Let's just close our eyes
I just forget myself
Let's just close our eyes

Walking on pavements
We collect in bars
Asleep in the houses
So alone

Looking inside herself
She breaks the glass
Turns her head backwards
She's fallen down again

Step away, walk away
All I want is the real thing
Step away, walk away
It should be me and you

Step away, walk away

All I want is the real thing
Step away, walk away
It should be me and you

Let's just close our eyes
Let's just close our eyes
Let's just close our eyes

Let's just close our eyes
Let's just close our eyes
Let's just close our eyes

I just forget myself
Let's just close our eyes
I just forget myself
Let's just close our eyes
I just forget myself
Let's just close our eyes
