You can hear the sound of the underground trains  
You know it feels like distant thunder  
You can hear the sound of the underground trains  
You know it feels like distant thunder

You know there's so many people living in this house  
And I don't even know their names  
You know there's so many people living in this house  
And I don't even know their names

I guess it's just a feeling  
I guess it's just a feeling  
(In the city)  
I guess it's just a feeling  
I guess it's just a feeling  
(In the city)

You can hear the sound of the underground trains  
You know it feels like distant thunder  
You can hear the sound of the underground trains  
You know it feels like distant thunder

Walls so thin, I can almost hear them breathing  
And if I listen in I hear my own heart beating  
Walls so thin, I can almost hear them breathing  
And if I listen in I hear my own heart beating

In the city

I guess it's just a feeling  
I guess it's just a feeling  
(In the city)  
I guess it's just a feeling  
I guess it's just a feeling  
(In the city)
