You don't call me anymore
But don't you think that I don't care
I check the numbers every night
Just to see if you are there

Was it just another love affair?
Was it just another love affair? Ooh

My clock goes ticking through the night
Counting the seconds I don't sleep
I wish that I could turn back time
But some things were never meant to keep

Was it just another love affair?
(Was it just a love affair)
(Another love affair, love affair, love affair)
Was it just another love affair?
(Was it just a love affair)
(Another love affair, another love affair)

It will never be the same
It will never be the same
It will never be the same
Without you
(Oh)

Will never be the same, will never be the same
Will never be the same, will never be the same
Will never be the same, will never be the same
Will never be the same, never be the same

And remember how we once were
When you held me so closely
We were breathing in the dark light
There was no more pain
One love, one heart, one soul together, ooh

Was it just another love affair?
(Was it just a love affair)
(Another love affair, love affair, love affair)
Was it just another love affair?
(Was it just a love affair)

(Another love affair, another love affair, oh)
