Rolling
Rolling
Rolling

Rawhide

Roiling
rolling
rolling
thou the streets are swelling
kepp them [...] rolling
Rawhide

Rain and wind and weather
held the band forever
wishing my girl was by my side

All the things I'm missing
good will
love and kissing
I'm waiting at the end of life

move 'em on
head' em up

head 'em up
move' em up

move 'em on
head' em up
Rawhide
call 'em out
ride 'em in

ride 'em in
call 'em out

call 'em out
ride 'em in
Rawhide

Keep moving moving moving

thou their disapproving
kepp them going moving Rawhide

Don't try to understand 'em
Just rode through and brand 'em
Soon will be living high and wide

My heart calculating
My true love will be waiting
She's waiting at the end of my life

move 'em on
head' em up

head 'em up
move' em up

move 'em on
head' em up
Rawhide
call 'em out
ride 'em in

ride 'em in
call 'em out

call 'em out
ride 'em in
Rawhide
