"Fever"

Never know how much I love you, you never know how
much I care
When you put your arms around me, I get a feeling that
I just can't bear
You give me fever, when you kiss me, fever when you
hold me tight
Fever in the morning, fever all through the night.

Bless my soul I love you, take this heart away
Take these arms I never use them
And just believe what my lips have to say
You give me fever, when you kiss me, fever when you
hold me tight
Fever in the morning, fever all through the night

Listen to me baby, hear every word I say
No one can love you the way I do
Because they don't know how to love you my way
You give me fever, when you kiss me, fever when you
hold me tight
Fever in the morning, fever all through the night

The sun lights up the daytime, the moon lights up at
night
My eyes light up when you call my name,
Because I know you're gonna treat me right
You give me fever, when you kiss me, fever when you
hold me tight
Fever in the morning, fever all through the night.
You give me fever, you give me fever, oh yeah,
Fever all through the night
