(Tony Taylor)

I've got this feeling  
Deep down inside  
And it makes me feel so good  
I just can't disguise  
If you'll allow me to take your hand  
Gonna do my best oh  
To make you understand

I've got this feeling  
And I know you'll agree  
There's a lot of love between us  
That came so naturally  
There's not a moment  
That passes by  
That I don't think of you

And here's the reason why (I've got this feeling)  
I've got this feeling ('bout you and I)  
Boy we can make it if we try  
Oh we let our loves pass  
Like two ships in the night  
And I know that this love is so right  
Oh oh

Let's walk together baby hand in hand  
We'll turn our backs to see  
One footprint in the sand  
That's just to say that  
We're together in love  
Just a symbol that shows  
That we are one (look in my eyes)

Look into my eyes (surely you'll find)  
Surely you'll find (our souls combine)  
Our souls combine

And we will be together in love  
(I've got this feeling)  
(That our love can survive)

And we're gonna make it last  
Through the test of time  
Let's stick together  
Just you and I ('cause I know that this love)  
(Is so right)  
It's so right

I've got this feeling  
That our love can survive  
And we're gonna make it last  
Through the test of time  
Let's stick together just you and I  
( 'Cause I know that this love)  
(Is so right)  
Oh oh oh (look in my eyes)

Look into my eyes (surely you'll find)  
Surely you will find (our souls combine)  
Our souls combine

And we will be together in love (I've got this feeling)  
(That our love can survive)  
And we're gonna make it last  
Through the test of time  
Let's stick together just you and I  
'Cause I know  
I know I know

That it feels so right (I've got this feeling)  
( 'Bout you and I)  
(Boy we can make it if we try)  
We let our love pass (We let our love pass)  
Like to ships in the night  
And I know (and I know that this love)  
(Is so right)

(I've got this feeling)  
I've got this feeling (that our love can survive)  
(And we're gonna make it last)  
(Through the test of time)  
Let's stick together  
Just you and I ('cause I know that this love)  
(Is so right)

I've got this feeling (I've got this feeling)  
(I've got this feeling)  
Oh oh
