[Verse]

Where's justice gone? What happened to our God?
Screams in despair haunting me,
The eyes wide open see something I don't know how to
understand
So many histories, so many broken dreams
Vultures, parasites
And all the pictures without frames, there are so many
of them I can't explain...

[Chorus]

What happened with words?
What happened with deeds?
Where's the truth unspoken when all the words are
broken for you and me...
Where are the words of humanity!

[Verse]

The future unknown, the past breaking me
It's breaking me
My presence right inside this past-it can't be set free
Set free
My paths gloomy, here, in front of me
In front of me
Take my hands and guide me
Take my hands-cure my disease...

[Lead Veadad]

[Chorus]

What happened with words?
What happened with deeds?
Where's the thruth unspoken when all the words are
broken for you and for me...
Where are the words of humanity!

[Breakdown]

Guide us, set us free
Set an end to our misery
This so-called life became all I don't wanna be
Where is humanity... ?
