I wonder how the morning came last night  
I went insane  
I threw some things, I smashed some things  
What happens next, I haven't figured out yet

I'm not quite sure what drove me to the madness  
Bringing on my dark side  
Was it me? Was it you and your obnoxious friends  
Who made me feel defenseless?

Couldn't care less about  
The things you'll think when I walk out  
Couldn't care less about what happens now  
I couldn't care less about  
The psycho-babble from your mouth  
I don't think I care enough to care

Tripped on your diploma  
Who knows what could be this Spring?  
Bringing, just bringing to the moon  
Somewhere on a country road probably killing me  
Under broken things you found your wings  
Goodbye

I couldn't care less about  
The things you'll think when I walk out  
Couldn't care less about what happens now  
I couldn't care less about  
The psycho-babble from your mouth  
I don't think I care enough to care

Right now, you've reached the mountain  
Deny yourself the fountains at exit 41  
Gold-blue cavern that hides the sun so well

I couldn't care less about  
The things that you're thinking, you're thinking when I  
walk out  
I couldn't care less about what happens now  
I couldn't care less about  
The things you'll think when I walk out  
Couldn't care less about what happens now

I couldn't care less about  
The psycho-babble from your mouth  
Don't think I care enough to care, to care  
Oh, I couldn't care less about  
The things you'll think when I walk out  
Couldn't care less about what happens now, what  
happens now  
What happens now
