Softly I hear you call
And surely you're after it all
You tell me you know just who I am
That's a felony
Cause no one can
I can only look back when I stand all on my own
I know a friend
And I'll tell you when I see one
I'm reaching back again
Can I make it if I run
Where were you when I was naked in the cold
Where were you when my thoughts were growing old
Where were you
The train has left the station
With no chartered destination
If you don't have a ticket in your hand
It's too late to ride
Cause I've already closed the ticket stand
Where were you when I was naked in the cold
Where were you when my thoughts were growing old
Where were you
Softly I hear you call
And surely you're after it all
You tell me you know just who I am
That's a felony
Cause no one can
And there's something that I really want to know
Its building up inside
Where did you go
Where were you when I was naked in the cold
Where were you when my thoughts were growing old
Where were you
