My cell's not ringing, my doorbell isn't singing
My bed is empty, I'm fragile; all I do is cry
Because he left me, and you didn't even want me
I'm lost and lonely... Can't live without you

(You)
My cell's not ringing, my doorbell isn't singing
(You)
My bed is empty, I'm fragile; all I do is cry
(You)
Because he loved me, and you didn't even want me
(You)
I'm lost and lonely... Can't live without you

(Chorus)
You
Every beat of my heart, every day of my life
(You)
Every thought on my mind
Every second, every moment
You
Every still of the night, every romance goes right
(You)
Every dream I deny
Every second, every moment
You
Every beat of my heart, every day of my life
(You)
Every thought on my mind
Every second, every moment
You
Every tear that I cry, every hope in my mind
(You)
Everything that I hide
Every second, every moment

You (8x's)

I'm hearing footsteps outside my door I get up
A voice is humming, a tune that's sounding like
"goodbye"

I know I'll find you, no matter where you're hiding
And so I wish for a chance to find you

You

Every beat of my heart, every day of my life

(You)

Every thought on my mind

Every second, every moment

You

Every still of the night, every romance goes right

(You)

Every dream I deny

Every second, every moment

You

Every beat of my heart, every day of my life

(You)

Every thought on my mind

Every second, every moment

You

Every tear that I cry, every hope in my mind

(You)

Everything that I hide

Every second, every moment

You

Every beat of my heart, every day of my life

(You)

Every thought on my mind

Every second, every moment (12x's)

You (16x's)
