#### Verse 1

I took my own advice  
I put it over ice  
I never seem to listen when you pour  
I didn't treat you right  
So now I'm thinking twice  
You look so pretty walking out the door

#### Pre Chorus

You can be the captain, I can be the ship  
You can be the razor blade careful you won't slip

#### Chorus

Everytime I see you smile  
Girl you make me wanna change  
I'll try for you, I'll try for you  
Tell me how to get you back  
You got me going six feet under  
Ground to prove, I'd die for you

#### Verse 2

I know I've made mistakes  
But let me make it straight  
I'm sure it's gonna take more than a rose  
It hit me like a quake, I know I've been a flake  
But I ain't gonna let this case be closed

#### Pre Chorus 2

You can be the lime, and I can be the twist  
You can be the razor blade, running down my wrist

#### Chorus

#### Bridge

I wanna kill the past, I wanna make it last,  
Or maybe I should get it over fast  
Or I could stick around to get you back  
Again again
