Feels like the weight of the world  
Like God in heaven gave me a turn  
Don't cling to me, I swear I can't fix you  
Still in the dark, can you fix me?

Freefall, freefall, all through life

If you love me, then let go of me  
I wont be held down by who I used to be  
She's nothing to me

Feels like the weight of the world  
Like all my screaming has gone unheard  
And oh, I know you don't believe in me  
Safe in the dark, how can you see?

Freefall, freefall, all through life

If you love me, then let go of me  
I wont be held down by who I used to be

If you love me then let go of me  
I wont be held down by who I was

If you love me then let go of me  
I wont be held down by who I used to be
