I'd give anything to give me to you  
Can you forget the world that you thought you knew?

(If you want me)  
If you want me  
(Come and find me)  
Come and find me  
(I'm right here)  
Nothing's stopping you  
So please release me

I'll believe all your lies  
Just pretend you love me  
Make believe, close your eyes  
I'll be anything for you

Nothing left to make me feel any more  
Theres only you and every day I need more

(If you want me)  
If you want me  
(Come and find me)  
Come and find me  
(I'll do anything)  
I'll do anything you say

Just tell me

I'll believe all your lies  
Just pretend you love me  
Make believe, close your eyes  
I'll be anything for you

I'll believe all your lies  
Just pretend you love me  
Make believe, close your eyes  
I'll be anything for you

Anything for you

I'll become your earth and sky  
Forever never die

I'll be everything you need

I'll believe all your lies  
Just pretend you love me  
Make believe, close your eyes  
I'll be anything for you

I'll believe all your lies  
Just pretend you love me  
Make believe, close your eyes  
I'll be anything for you
