"If You Don't Mind"

Where's the light
Killed my day
Lost in the dark of your ways
Wasted my energy, endlessly
For your sweet lie

Honey, If you don't mind
I would like to live the lie that I will survive,
And If you don't mind
I would love to slip away and leave your world behind

Feel secure but not so sure
You're not just faking something
Wasting our last day
I can't shake the pain

Honey, If you don't mind
I would like to live the lie that I will survive
And If you don't mind
I would love to slip away and leave your world behind

Honey, If you don't mind
I would like to live the lie that I will survive
Honey, If you don't mind
If you don't mind.
