Jealous of the girl who caught your eye  
One of my darker days  
When you looked at her where was I?  
Shoulda been in her place  
Here I am  
All alone imagining what could have been  
If I had been there

[Chorus:]

Jealous of the one who'se arms are around you  
If she's keeping you satisfied  
Jealous of the one who finally found you  
Made your sun and your stars collide  
La la la la la la  
She's a very very lucky girl  
La la la la la la

Jealous of the one who won your heart  
They say it's a perfect match  
She's gonna get to be where you are  
And I don't get better than that  
She'll say you're fine  
Whisper words I wish were mine

And they might have been  
If I had been there

[Repeat Chorus]

You know I'd fight the good fight  
If I thought I'd change your mind  
But if she makes you happy  
I would leave that dream behind  
Man, she better treat you right  
And give you everything  
Cause at the moment she doesn't  
I'll be waiting in the wings

[Repeat Chorus]

La la la la la la  
She's a very very lucky girl
