I am, i am, i am

I said i wanna get close to you  
I said i'm gonna get next to you

You wouldn't want me have to hurt you too, hurt you too  
I ain't, i ain't, i ain't  
A buyin' into your apathy  
I'm gonna learn ya my philosophy  
You wanna know about atrocity, atrocity

[refr?o]

I know you want what's on my mind  
I know you like what's on my mind  
I know it eats you up inside  
I know, you know, you know, you know

I am, i am, i am  
I said i'm gonna get next to you

I said i wanna get close to you  
You wouldn't want me have to hurt you too, hurt you too

[refr?o]

Here i come, i come, i come [2x]

I am, i am, i am  
I said i wanna get close to you

I said i wanna get next to you  
You wouldn't want me have to hurt you too, hurt you too

[refr?o 2x]

Here i come, i come, i come [5x]

I come [fica repetindo...]
