Make me whole again
Open your eyes
Taunted by the shadows of your life
Cold and far away
But not even mine
Undo everything and take me higher
Never believing what they say cause I'm
Counting the days to meet you on the other side
I will always be waiting
until the day that I see you on the other side
Come and take me home
I'm not giving in
I want you back
Holding together by the shards of our past
Stole my heart away
I can't let you go
Break these chains and let me fly to you...
High above the world below

Over and over
In my mind
Counting the days to meet you on the other side
I will always be waiting
until the day that I see you on the other side
Come and take me home
I am so lost without my place inside your heart
I won't survive
I need to know you're near me
I release my love
Counting the days to meet you on the other side
I will always be waiting
until the day that i see you on the other side
Come and take me
Counting the days to meet you on the other side
I will always be waitng
until the day that i see you on the other side
Come and take me home
