"What You Want"

Do what you what you want, if you have a dream for
better

Do what you what you want till you don't want it
anymore

(remember who you really are)

Do what you what you want, your world's closing in on
you now

(it isn't over)

Stand and face the unknown

(got to remember who you really are)

Every heart in my hands like a pale reflection

Hello, hello remember me?

I'm everything you can't control

Somewhere beyond the pain there must be a way to
believe

we can break through

Do what you what you want, you don't have to lay your
life down

(it isn't over)

Do what you what you want till you find what you're
looking for

(got to remember who you really are)

But every hour slipping by screams that I have failed
you

Hello, hello remember me?

I'm everything you can't control

Somewhere beyond the pain there must be a way to
believe

Hello, hello remember me?

I'm everything you can't control

Somewhere beyond the pain there must be a way to
believe

There's still time

Close your eyes

Our love will guide you home

Tear down the walls and free your soul

Till we crash we're forever spiraling down, down, down,
down

Hello, hello it's only me infecting everything you love
Somewhere beyond the pain there must be a way to
believe

Hello, hello remember me?

I'm everything you can't control

Somewhere beyond the pain there must be a way to
learn forgiveness

Hello, hello remember me I'm everything you can't
control

Somewhere beyond the pain there must be a way to
believe

we can break through.

Remember who you really are

Do what you want, you want.
