Just one more thought
That's crawling deep on the inside
It makes me feel by my side
When everything's lost, everything's denied
Blame it on me
Where no one can see
I'm victim of plans of my own, they will always get me
So once again
I'm part of this and I'm the one to blame
I fought what I finally become
This system will always get me and you

And I'm the one to blame too
Blame it on me
Where no one hear
I'm victim of mind of my own, that will always get me
Just one more thought
That won't ever make me innocent
'Cause there's a gear goin' on
And getting always stronger everyday I live
Blame it on me
Where no one can see
I'm victim of what I don't know and someone has to
win
