Help me surrender my control
Searching for the death of my own soul
I breathe far beneath, my cover keys don't...
I'm bleeding on the inside, fear before the fall
Six feet above the next time, I lose it all

Keep your silence or reach for life
Beyond the stars
Save your mercy for someone who needs it more
I'm the guilty, all the feelings come crushing down on
me
I'm taking you with me

Help me, I'm loosing on my own
Locked up in a cage and...
Show me a way to keep
The hate from taking control of breaking
I'm bleeding on the inside, fear before the fall
Six feet above the next time, I lose it all

Keep your silence or reach for life
Beyond the stars
Save your mercy for someone who needs it more
I'm the guilty, all the feelings come crushing down on
me
I'm taking you with me
Keep your silence or reach for life
Beyond the stars
Save your mercy for someone who needs it more
You're the jury, all this...
Comes crushing down on me
I'm taking you with me

Keep your silence or reach for life
Beyond the stars
Save your mercy for someone who needs it more
I'm the guilty, all the feelings come crushing down on
me
I'm taking you with me
Keep your silence or reach for life
I'm taking you with me

Save your mercy for someone who needs it more
I'm the guilty, all the feelings come crushing down on
me
I'm taking you with me.
