Reach me with halos
Clean me with all
Your good intent
Burn me with fear
So I won't question
Or end this relationship
Well I'm filled with more than regret
I have chose to ignore it
Or face the feeling again
My time is wasted
I followed your story
I can't do your math
You won't stand before me
Or behind my back
My eyes have
Been blurry
My family attacked
I can't stand before you and won't take this back
(Won't take this back)

Show me
You're a hero
Show me your life
Makes perfect sense
Judge me for years
So I'm infected
By questions of innocence
Well I'm filled with more than regret I have chose to
ignore it
Or face the feeling again
My time is wasted
I followed your story
I can't do your math
You won't stand before me
Or behind my back
My eyes have
Been blurry
My family attacked
I can't stand before you and won't take this back
(Won't take this back)

I followed your story
I can't do your math
You won't stand before me
Or behind my back
My eyes have
Been blurry
My family attacked
I can't stand before you and won't take this back
I followed your story
I can't do your math
You won't stand before me
Or behind my back

(Won't take this back)
