If only half of memories
The thoughts are left behind
With all is lost but the little things
You fake to keep you high
With all alone, all your want
Is someone to make up your mind
It's all you want, it's all I want

... fake, hating, taking this feeling

Chorus:

And life isn't what it seems to be the echo in my mind
Life isn't hard for you to bring live in the shadow
Life isn't hard for you to think the demon trapped
inside
Do you find it far too easy
Living in the shadow

Confusing what is meant to be
Believe in what you are
You're searching for the enemy
Occasions that your heart
It's all you want, it's all I want

Chorus:

Life isn't what it seems to be the echo in my mind
Life isn't hard for you to bring live in the shadow
Life isn't hard for you to think the demon trapped
inside
Do you find it far too easy
Living in the shadow
Living in the shadow

... fake, hating, taking this feeling

[Chorus:]

Life isn't what it seems to be the echo in my mind
Life isn't hard for you to bring live in the shadow
Life isn't hard for you to think the demon trapped
inside
Do you find it far too easy

Living in the shadow
Living in the shadow
