I'm coming to my senses
It's already too late
But you knew the crazy side
Was just a part of me
And now I feel you know a lot too
Go back as you go forth
You left few hours ago
But you never came home

And now I feel like I'm losing my mind
And I'm ready for you if you're ready for me
And my hand will hold in yours
And my heart belongs with yours
Now I'm looking through tears
And I'm looking for peace

But I'm losing all my senses
It's too little too late
And your voice is still in my mind
I always see your face
And now I'm left alone with phrases
That I never should have said
But please know I'll always love you
Until the end of time

And now I feel like I'm losing my mind
And I'm ready for you if you're ready for me
And my hand will hold in yours
And my heart belongs with yours
Now I'm looking through tears
And I'm looking for peace

I've weighed this out in my head
A thousand times
Never seems to change
And I miss you like crazy
I can't seem to let you go
It's been three years since I saw you
[Incomprehensible]
Feels like it was this morning
That you were mine

And now I feel like I'm losing my mind
And I'm ready for you if you're ready for me
And my hand will hold in yours
And my heart belongs with yours
Now I'm looking through tears
And I'm looking for peace

But I want to stay here with you
Oh baby please don't go
I want you, stay with me
Oh baby please come home...
