The fire's gone away  
The truth is left to blame for all  
The damage I have made  
I feel, I feel the past escape  
I want to know the way to you  
Left me here to fade

I lost the fight, there's nothing left to bleed  
And no one left to free  
Pick me up and give me back my belief  
Feed me lies, there's nothing left to see  
And no room left to breathe  
So pick me up and give me back my belief  
Live to die

... is just another world  
Is just another victim to the thoughts of you and me  
I try to understand you  
I try believe me I do  
And you choose to turn and walk away, and walk away

I lost the fight, there's nothing left to bleed  
And no one left to free  
Pick me up and give me back my belief  
Feed me lies, there's nothing left to see  
And no room left to breathe  
So pick me up and give me back my belief  
Live to die

You live your life, but no one hears your scream  
We stay alive, and now I fall asleep...

I lost the fight, there's nothing left to bleed  
And no one left to free  
Pick me up and give me back my belief  
Feed me lies, there's nothing left to see  
And no room left to breathe  
So pick me up and give me back my belief  
Live to die  
We live to die.
