Building cheeping shallow fallacy
Under hate secure the rap as we
Define the ways define duality
Desperate to relate rewrite...
Fire finds we doubt... without defense
Whire burn you up here I go again

I can't go back in time
And I see the ashes of my life
Thank you, hate you
Think inside my only life and I
Blame you, mistakin you
Hate you, I just wanna to thank you

Chasing shadered passing memories
Letter wrong I need the company
Come for me, come between confront beneath
Faded is not afraid is the enemy
Liars find me, words come without regret

Whire blind you up if I go again

I can't go back in time
And I see the ashes of my life
Thank you, hate you
Think inside my only life and I
Blame you, mistakin you
Hate you, I just wanna to thank you

Nothing than using the words of an enemy
The truth is the lie in the skies
Pleasing and choosing the words for a remedy
Keeping your ghost in my eyes

I can't go back in time
And I see the ashes of my life
Thank you, hate you
Think inside my only life and I
Blame you, mistakin you
Hate you, I just wanna to thank you
