I want what's left of us
Just hurry up and throw me the bones you bleed
I'm not the one who forgot
On second thought, I'm leaving this life
You scream...

Nobody knows me
Nobody will
Nobody knows this pain I feel
Taken for insult or taken to heal
Or taken away

We're all like you
We've all seen through your eyes
With our lives
It's not easy to go on, believe me
It's alright
We're all alike

Do you want to know
What you can't allow inside
And out of hope
And still you scream...

Nobody knows me

Nobody will
Nobody knows this pain I feel
Taken for insult or taken to heal
Or taken away

We're all like you
We've all seen through your eyes
With our lives
It's not easy to go on, believe me
It's alright
We're all alike

Do you want to know
What you can't allow inside
And out of hope [x3]

We're all like you
We've all seen through your eyes
With our lives
It's not easy to go on, believe me
It's alright
We're all alike
