We start to run before we crawl
Run until we fall!
Well take a piece of me, take my eyes
Slow me down and watch me go!

Pre-Chorus:

But if you see through eyes like mine,
That's the fading memories
The hollow world you keep inside
Till we can rise again!

Chorus:

We know how it feels to be
Numb inside in underwater
Know now the enemy
Is alive in undercover.

Make peace with me, free my mind!
And wrap my head around this life and realize

Pre-Chorus:

But if you see through eyes like mine,
That's the fading memories
The hollow world you keep inside
Till we can rise again!

Chorus:

We know how it feels to be
Numb inside in underwater
Know now the enemy
Is alive in undercover.

Before we crawl on
Until we fought!

Pre-Chorus:

But if you see through eyes like mine,
That's the fading memories
The hollow world you keep inside
Till we can rise again!

Chorus:
We know how it feels to be
Numb inside in underwater
Know now the enemy
Is alive in undercover.

Chorus:
We know how it feels to be
Numb inside in underwater
Know now the enemy
Is alive in undercover.

Before we crawl,
Run until we fall
