Eve of destruction rocks the nation  
Eve of destruction rocks the nation

You niggaz capitalize on lies, surprise open your eyes  
Baby girl from Illadel' hear to enhance your lives  
Doubted my skills, bet you mad now, shoulda snatched  
me up  
I'm in L.A. now with Dre now, ain't comin' back 'cuz I'm  
stuck

Had enough of all the bullshit of sellin' me dreams  
Had enough of fake cats tryin' to shine off these  
schemes  
But I'm laughin' last, down to get this cash with the  
Aftermath  
You happy being local superstar showin' ya ass

You talk the most shit, how you politickin' moves an'  
I crept to the top, shouldn't-a let me catch you snoozin'  
Me and my management team, laughin' at you while  
we cruisin'  
'Cause we ain't got nuttin' to do none of the choices  
you be choosin'

It's the eve of destruction, tracks I be fuckin'  
Cats be fascinated by the styles I be bustin'  
Got you niggaz open, got you niggaz lustin'  
Knockin' Emcees on they backs causin' lyrical  
concussions

It's the eve of destruction, tracks I be fuckin'  
Cats be fascinated by the styles I be bustin'  
Got you niggaz open, got you niggaz lustin'  
Knockin' Emcees on they backs causin' lyrical  
concussions

I wonder who, which one a dem a carry news  
An' a gwan like set, they wan dis-dis ya crew  
But the lie, other emcees dem ready die  
When we grab the microphone and praise his like  
Selassie

Me say me walk like walk like a champion, talk like a  
champion  
Emcees try fi test but dem no ready fi di outcome  
Guard your windows, close your doors  
Fuck that, hide your pens and lock your jaws

Dig that? My verbal skills should be against the laws  
You wit that? Now light a spliff for the hip-hop cause  
Lemme hit that, smell the fear, you made me attack  
You caused your own extermination not knowing how to  
act

I thought I warned you not to make me mad you just  
wouldn't listen  
Now you hidin' and duckin', prolongin' your hip-hop  
lynchin'  
Talkin' shit got in too deep and huh caught you niggaz  
sleepin' huh?  
Feelin' real fucked up 'cuz you couldn't catch me  
creepin' huh?

It's the eve of destruction, tracks I be fuckin'  
Cats be fascinated by the styles I be bustin'  
Got you niggaz open, got you niggaz lustin'  
Knockin' Emcees on they backs causin' lyrical  
concussions

You little bustas make me sick wit the dumb shit  
Spreadin' rumors like bitches  
Can't turn my back on none a y'all, probably wind up in  
stitches  
Jealous itches y'all can't scratch, irritate your existence

Tryin' to cheat your way in this race, knowin you can't  
go the distance  
Runnin' up against the thoroughbred outlastin' you all  
No matter, how long you train gon' set your self up to  
fall  
'Cause I got stamina, I go as long as you need

Coulda seen a million bitches rhyme but you'll  
remember me  
I be the new choice of the rap generation  
You know my name nigga, basically you my creation  
Not greater than the average man but I'm top choice  
Kill competition when they listen just by the sound of  
my voice

It's the eve of destruction, tracks I be fuckin'  
Cats be fascinated by the styles I be bustin'  
Got you niggaz open, got you niggaz lustin'

Knockin' Emcees on they backs causin' lyrical  
concussions

It's the eve of destruction, tracks I be fuckin'  
Cats be fascinated by the styles I be bustin'  
Got you niggaz open, got you niggaz lustin'  
Knockin' Emcees on they backs causin' lyrical  
concussions
