"Fantasy"

(feat. Robin Thicke)

[Verse 1]

Uh Yea

U know them nights when you looking good
When it all come together sexy head to toe like you
know you should
Body banging got they tongues hanging
Got em lined up wanting your attention
But you like to keep em waiting
Riding through they screaming sexy
But you keep it movin constantly smiling at em come
and get me
Alot of dudes ain't got the courage
So till they get it up live it up mami that don't keep you
worried
Attention something that you get
Not something that you need
Unless you spot the dude that makes you weak (then)
If that's the case gotta let it flow
Get close to em let em in yo ear this is what you hear

[Chorus: Robin Thicke]

All I want is you only you
You're my fantasy
Girl you know that I wanna do things to you
Nobody else gets to do
U Only you you're my fantasy
Girl you know that I wanna make it come true
I wanna make it come true

[Verse 2]

Yuh My body your body touching and sweating
Kissing and tugging
I swear it get's no better than the tugging
Love it when it's perfect tell me what you want
Eyes met mine and it was on
Wanted to take me home
Told me that you wanna make me moan
I was up for it already
Just to let you take charge

I was feeling kinda freaky
And im knowing you the cause
Told me just to lay back
Relax close my eyes it'll be alright
Know im feeling that
Guess I was yo plan for the night
Guess wat ima let you be my man for the night

[Chorus: Robin Thicke]

All I want is you only you
You're my fantasy
Girl you know that I wanna do things to you
Nobody else gets to do
U Only you you're my fantasy
Girl you know that I wanna make it come true
I wanna make it come true
