Gonna get in the car (uhhu)
Drive away (uhhu)
Drive so far (uhhu)
No one's gonna find me (uhhu)
Put my foot on the gas (uhhu)
Accelerate (uhhu)
Drive so far (uhhu)
No one's gonna find me (uhhu)

[Eve]
Some days I be wannin to get away
From it all,
To be real
This game ain't
All it seem to y'all.
I mean I'm blessed by my good god ?high?
That no question,
And i know my journeys long,
Just a life learned lesson
But the worlds just a mess right now,
Gone all crazy.
Thankful for my single mother,
Strong how she raised me.
Coulda gave up long time and been lazy
But my dream's strong,
Hear this song
I'm not complainin'
Just the realisation
Livin in this world of dreamin'
I mean I cry real tears
And I got real fears
Want a marriage and some babies
Dya hear me in ya ears?!
Discouraging
Keep ya courage in,
Walk ya path
Question everyday
How much longer will we last?
How can you apologise for mankind
No heart, no soul
Got sight
But you're the man-blind.

Not really seeing what he done to the future.
He lost.

Love, hate, pain
All the same
Still took for granted
Be the reason that's to blame
Gone coz he loved her
Gone coz she hated him
Flipped out
Taken out from the pain
Who she datin'? him
It's like we don't have no meanin'
What we breathin' for?
Birth, child
Raised right
Gone now, fighting for the war
Damn! Enough to make you curl up in a shell
Cry for the innocent babies in this hell.
Stuck from a fast fuck
No shelter from the cold
Drugs and disease
Never growin' to be old.
Do ya feel me?
Am I sayin all this by myself?
Can't trust the air I breathe
I'm prayin for my health.

Wanna get away
But where I'm s'pposed to go?
Can't escape it
So I'm makin songs
Let it flow.
I said
Wanna get away
But where I'm s'pposed to go?
Can't escape it
So I'm makin songs
Let it flow.

Gonna get in the car, (uhhu)
Drive away, (uhhu)
Drive so far, (uhhu)
No one's gonna find me. (uhhu)
Put my foot on the gas, (uhhu)
Accelerate, (uhhu)
Drive so far, (uhhu)
No one's gonna find me. (uhhu)

Sometimes my heart hurts
Wish I could take away the pain

With music but it wont work
I guess I'm just an optimist
What's it gonna take for all of us to stand up
Put a stop to this?
Man, we in this thing together,
Live and breathe together.
Everybody love life
But never make it better.
Everybody talk shit
But never get together.
Shit, I ain't tryin'a preach
I ain't even teachin.
This some shit that bottled up inside me
I'm just speakin.

Wanna get away
But where I'm s'pposed to go?
Can't escape it
So I'm makin songs
Let it flow.
I said
Wanna get away
But where I'm s'pposed to go?
Can't escape it
So I'm makin songs
Let it flow.
